MEMORANDUM

FROM: Bill Sipple  
Wetlands Permit Section *BS*

SUBJ: Chesapeake Bay Village

As you know this proposal has gone through a number of in-house reviews in the past. Various concerns were expressed by the reviewers for consideration by the developer and his consultants (a formal application has not been received yet).

Recently, Mr. Warren Rich has been in touch with me over this proposal. He now apparently represents the developer and has asked that a joint pre-application meeting be held with both state and federal permit review agencies to discuss their concerns and to receive their tentative recommendations or advice. He also plans to present some of his own ideas on the proposal.

Since we usually encourage such pre-application meetings on large projects, I have agreed to a tentative meeting date of March 30, 1978 at 1:00 P.M. If you plan to attend, which I strongly recommend, please leave this date open for now. I will be in touch with you once it or another date is firmed up.
